Ms. Sanchez asked the Mayor and Council to correct what she sees as an obvious exclusion. EMERGENCY MEDICAL SERVICE (EMS) TRANSPORT REPORT – Fire Chief Manny Garcia
Chief Garcia stated his presentation and comments should in no way be misconstrued as disrespect or discredit to any individual or company. He presented the EMS Transport Report from the City of Belen Fire Department. A copy of the report is attached hereto and made an integral part of these minutes by reference. On April 12, 2017, a meeting was held with American Medical Response (AMR) ambulance representatives and fire chiefs throughout the county regarding the status of the ambulance company operating in Valencia County.

The county is having difficulty maintaining an ambulance company to respond to calls. Chief Garcia explained that the report documents Zero Status calls to date. He explained that a Zero Status means there is no ambulance available to respond with the fire department on a call. Chief Garcia explained the report to the council. He stated it takes many resources to respond to calls as well as transport patients from Valencia County to Albuquerque. Chief Garcia advised that, during AMR’s peak hours from 1 to 6 p.m., five to six ambulances are available; from 6 to 7 p.m. four to five ambulances are available; from 7 to 10 p.m. three to four ambulances are available and from 10 p.m. to 6 a.m. two to three ambulances are available. Dispatch knows how many units are in service and available. Chief Garcia has asked to be informed when the last ambulance leaves Valencia County.

At the meeting on April 12th, Chief asked AMR to meet with the city’s medical direction to create a policy or protocol for calls that are not true emergencies and can wait for an ambulance to become available. Valencia County does not own a transport certificate and cannot set the rules for the ambulance company. Chief Garcia explained that AMR does not have a plan to fix these concerns but his goals are to get his EMT’s advanced training.

Chief Garcia advised that the report will be maintained throughout the year and will also be provided to AMR.

A discussion was held regarding the situation and a possible solution. There is not an AMR ambulance base in Belen. Chief Garcia stated a discussion will be held regarding an ambulance base after the new fire station is built. City Manager, Leona Vigil, asked who is responsible for getting a Request for Proposal (RFP). Chief Garcia advised the county is responsible for that.
