City of Belen Community preservation Landscaping resource Outreach List

The community preservation Department are hard at work bringing our community into compliance with our city ordinances to promote a safe and clean community. We have had the pleasure of talking and getting to know our citizens in our community. We are understanding that everyone is in a unique situation with their property. We to bring everyone into conformance with our city ordinance's, we don't wish to create hardships. We have compiled a list of local landscaper's to provide as a resource for our citizens looking to hire to help maintain their property. Thank you all for helping make our community a safe and clean place to live.
