IMPORTANT INFORMATION ABOUT YOUR DRINKING WATER
Monitoring and Reporting Requirements Not Met for
Belen Water System

Este informe contiene información importante acerca de su agua potable. Haga que alguien lo traduzca para usted, o hable con alguien que lo entienda.

On May 5, 2025, we became aware that our system failed to collect the correct number of drinking water samples. Although this incident was not an emergency, as our customers, you have a right to know what happened, and what we are doing to correct the situation.

**We are required to monitor your drinking water for specific contaminants on a regular basis. Results of regular monitoring are an indicator of whether or not our drinking water meets health standards. Table 1 lists the contaminants and the compliance periods which we did not monitor or test and therefore cannot be sure of the quality of our drinking water during the compliance periods. **

Table 1

Contaminant	Facility	Compliance Period
Arsenic	POU Arm Kitchen (Ice Maker)-019	3 rd quarter 2024
Arsenic	POU Arm Kitchen (Ice Maker)-019	4 th quarter 2024

What should you do?

There is nothing you need to do. You do not need to boil your water or take other corrective actions. You may continue to drink the water. If a situation arises where the water is no longer safe to drink, you will be notified within 24 hours.

What is being done?

The city of Belen Water Department will be testing in June 2025 at this location.

For more information, please contact:

David Chavez, 505-966-2730 Belen
Water System, NM3524932 100
South Main Street
Belen, NM 87002

**Please share this information with all the other people who drink this water, especially those who may not have received this notice directly (for example, people in apartments, nursing homes, schools, and businesses). You can do this by posting this notice in a public place or distributing copies by hand or mail. **
